

Trailer Stabilizer

HEAVY DUTY HOLD-SAFE™ TRAILER SAFETY SYSTEM SPECIFICATION

Hold-Safe™ Trailer Stabilizer
Part Number: AP0358

OSHA recommends trailer stabilizers for unsupported trailers. Placed under the front frame of your semi trailers, the APS Hold-Safe™ Stabilizer helps reduce accidents from trailer-tip and landing gear collapse during loading and unloading, when a tractor does not support the trailer. It also reduces the chance of landing gear sinking into asphalt or gravel drive aprons.

Design Highlights

- Static capacity: 100,000 lbs.
- Lifting capacity: 50,000 lbs.
- Retracted length: 41", Extended length: 55"
- Travel: 14"
- Weight: 210 lbs.
- High Gear - 5.0 turns/inch
- Low Gear - 7.0 turns/inch
- Wheel style: 16" solid urethane tires for easy handling on any surface
- Color: Safety yellow
- APS Resource warrants this product will be free from defects in material and workmanship under normal use for (1) year.
