

E - Saver 38™ LED Lamp

The APS Resource E-Saver 38™ LED Lamp saves a significant amount of energy with a rapid return on investment. Designed with LED optics, the E-Saver 38™ gives maximum illumination throughout the truck trailer. As an added bonus, the lamp uses 85% less energy than halogen alternatives.

Design Highlights

- ENERGY STAR® certified
- Reduces energy consumption and operating costs
- LED technology keeps lamp head cool to the touch
- Meets requirements for food and pharmaceutical facilities
- Beam angle is designed to accommodate around length and width of truck
- This product carries a (5) year limited warranty with APS Resource

Technical Specifications

Output	1300 Lumens, 25° beam spread, 4100K
Power	17 watt LED reduces energy consumption and operating costs
Input	120 VAC, 50/60 Hz
Location	Rated for damp locations
Construction	PAR38 shape, E26 base
Life	25,000 hours extra long life expectancy
Certifications	UL, cUL, RoHs compliant
