

# LED Guide Lights

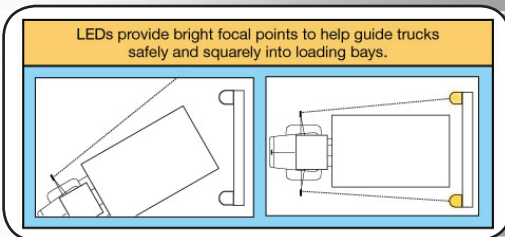

## SPECIFICATION

APS LED Guide Lights provide an ideal focal point to help guide trucks into the loading dock. The LED lights illuminate the dock exactly where needed, and help reduce the risk of overrunning the dock. APS LED Guide Lights are available in both 120VAC or 12-24VAC/DC versions, and are compatible with virtually any loading dock.

### Design Highlights

- Energy efficient, and 5X brighter than incandescent models
- Long-life LED's reduce maintenance costs and down time
- GL120: 120 VAC, 60 Hz, 80mA (per pair)
- GL1224: 12-24VAC/DC, 16 Watt (per pair)
- Easily activated by an on-off switch or relay
- 15"H x 3-5/8"W x 2-3/4"D
- Low profile, impact resistant polycarbonate construction
- Outdoor Rated
- UL and cUL Listed
