

Door Weatherseal

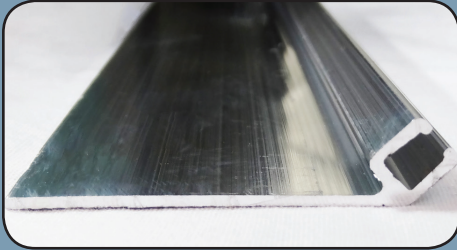

Figure 1: 45° retainer

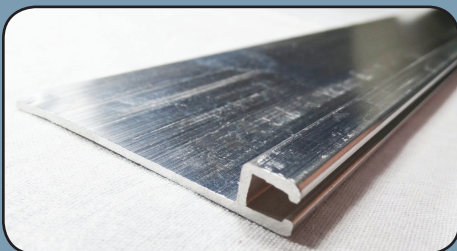

Figure 2: 180° retainer

Door Weatherseal is a reliable product aimed at bolstering your door's energy saving initiatives. To maximize your efforts, Weatherseal is able to be used on all sides of the door. And in order to accommodate certain requirements, there are numerous retainer angle options.

Figure 3: Brush sizes from left to right: 1.5", 2" and 3"

Design Highlights

- Easy installation
- Bolsters energy saving initiatives for industries like food & pharmaceutical, extreme climates, cold storage
- Decreases light infiltration experienced on door edges
- Deters the vermin and insects from entering the facility from door gaps
- This product carries a (1) year limited warranty with APS Resource
